Profile

An aspiring software developer with knowledge in software engineering practices such as coding, testing, code reviews, code comments, etc with (python, javascript). Strong ability to communicate with clients and ability to express ideas clearly and concisely. Seeking a beginner role to enhance and explore my programming skills which i've been practising for a year now, I hold no cs degree but have projects to show my skills and i am open to learn and develop

My personal projects

- Password manager with python
- Snake games with python
