Profile

An aspiring software developer with knowledge in software engineering practices such as coding, testing, code reviews, code comments, etc with (**python, javascript**). Strong ability to communicate with clients and ability to express ideas clearly and concisely. Seeking a beginner role to enhance and explore my programming skills which i've been practising for a year now, I hold no cs degree but have projects to show my skills and i am open to learn and develop

My personal projects

■ Password manager with python

■ Snake games with python
